Dear Mr. Zikorus,

Just a brief note to let you know how much the Embassy of Mexico appreciates the excellent job Interstate Construction did in the recent renovation of our Cultural Institute. It was a pleasure to work with a company that is as responsive and responsible as yours, and that stands behind their work.

ICDC was constant in its attention to detail, working with the Embassy's contractor throughout the many phases of the works, while keeping me informed of progress and needs.

You were always there with needed answers and when problems arose, as they always do in renovation oriented construction, your firm's immediate response and solutions were truly appreciated.

It was certainly a pleasure to work with you Mr. Zikorus, and Interstate Construction.

In the future, when new projects arise, be sure the Embassy will contact your company considering the excellent business relationship experience we had with you.

Thank you again.

Best Regards,
